3. Allegation in Brief:

That, on 25.11.2025 the AO-1 demanded an amount of Rs.20,000/- as bribe from the Complainant. On the request of the Complainant, the AO-1 reduced the bribe amount to Rs.15,000/- and accepted the same on 28.11.2025 from the accompanying witness through A-2 for showing an official favour i.e “to process the registration work of succession of ancestral agriculture land from her father-in-law in favour of Complainant’s husband”.

4. Complaint:

On 25.11.2025 at 1000 hrs the Complainant along with Sri Dharavath Murali went to the ACB office, Warangal Range and lodged a complaint with DSP, ACB, Warangal Range, stating that, she is a resident of Padamati Tanda(v), Peddavangara (m), Mahabubabad district, and ekingout her livelihood through agriculture. On 09.03.2025, her father-in- law, Sri Bhukya Swami passed away due to illness. There was agricultural land measuring Acres 03-09 Guntas located in the outskirts of Gantlakunta, in Survey Nos. 212/2, 226/5, and 227/5 in the name of her father-in-law. To get this agricultural land transferred into her husband’s (Balu) name through succession registration, they booked a slot via Meeseva on 25.09.2025. Following this, officials from the Peddavangara Tahsil Office came for an inquiry, and the Complainant submitted all the required documents. On 24.10.2025, she along with her husband and accompanying witness went to the Peddavangara Tahsil Office and met

the AO-1. The AO-1 took their photographs and thumb impressions, but the registration has not been updated online, nor have passbooks been issued. Despite meeting the AO-1 several times along with her relative accompanying witness the work was not completed. Finally, on 17.11.2025, when she and accompanying witness met the AO-1 again to ask about their work, he demanded bribe of Rs.20,000/- to complete the process. But, they expressed their inability to pay the bribe amount and left the office. As the complainant was not willing to pay the bribe amount to the AO-1, she requested that appropriate legal action be taken against the AO-1 who has been demanding bribe to perform his official duties.

On receipt of the above complaint, the DSP, ACB, Warangal Range got verified the genuineness of the complaint, reputation of the AO-1 through Inspector of police, ACB, Warangal and also got recorded the conversation that took place 25.11.2025 among the AO-1, Complainant and accompanying witness through spy gadget with regard to the demand of bribe amount by the AO-1. The Complainant lodged further complaint on 25.11.2025.

5. Registration of FIR:

After following due procedure the DSP, ACB, Warangal Range registered the complaint as a case in Cr.No.18/ACB-WRL/2025, U/s 7(a) of the Prevention of Corruption Act, 1988 (as amended in 2018) at 1115 hours on 28.11.2025 and took up investigation (Copy of FIR was already sent to the Govt. along with Preliminary report).

6. Pre-Trap Proceedings:

During the course of investigation, the DSP secured the presence of two Mediators and conducted pre-trap proceedings which commenced on 28.11.2025 at 1200 hrs. During the proceedings, the DSP, ACB introduced the Complainant & accompanying witness to the Mediators and vice versa. The copy of the complaint & further report dtd.25.11.2025 were perused by the Mediators and they ascertained the facts from the

Complainant & accompanying witness. During the pre-trap proceedings, the Mediators also viewed the audio-video conversation dtd.25.11.2025 and verified it with the verbatim transcript of the said conversation. On the instructions of DSP, ACB one of the Mediator obtained the wads of currency notes from the Complainant and noted down the serial numbers and denomination of the currency notes produced by the Complainant. The details were as follows:

Sl. No.	Currency Number	Denomination	Sl. No.	Currency Number	Denomination
1.	1FS 287145	500/-	16.	9BP 694391	500/-

15.	8AW 400944	500/-	30.	5MP 721764	500/-

The total amount was Rs.15,000/- and currency notes were 30 in Nos.

The DSP got applied Phenolphthalein powder to the said currency notes. As the Complainant had requested the DSP that she was intending to hand over the bribe amount to the AO-1 through the accompanying witness, the DSP got kept the tainted currency notes in the inner shirt pocket of accompanying witness after ensuring that there was nothing else in the said pocket. The DSP instructed the Complainant & accompanying witness not to touch the tainted amount until further demand was made by the AO-1. He further directed the Complainant & accompanying witness to proceed to the Tahsil Office, Peddavangara Mandal, and meet the AO-1 and hand over the bribe amount of

Rs.15,000/- to him or any other person as directed by him, only upon his further demand, and not otherwise. In case, the AO-1 or any other person on his behalf demanded and accepted the tainted bribe amount of Rs.15,000/-, the accompanying witness should come to a visible place and give a signal by wiping his face with his towel to the trap party. The DSP also instructed him not to shake hands with the AO-1 before, during or after payment of bribe amount. On being questioned, the Complainant and accompanying witness stated that they had no enmity, grudge, or financial dealings with the AO-1.

The DSP, ACB demonstrated the chemical test and explained its significance to the mediators, Complainant and the accompanying witness. The DSP, ACB seized the sample of Sodium Carbonate powder and Phenolphthalein powder which were used in the above tests, duly sealed, labelled and attested by the Mediators and the DSP, ACB.

The Pre-trap proceedings were concluded on 28.11.2025 at 1400 hrs (Copy of pre-trap proceedings (Mediator Report-I) was already sent to the Govt. along with Preliminary report).

7. Post-Trap Proceedings:

After completion of drafting of Mediator Report-I, the trap party along with the mediators, Complainant, and accompanying witness left the ACB office at 1415 hours and proceeded to AO-1's office. At about 1545 hours, the trap party reached the vicinity of the office, halted vehicles beside the road, and the DSP instructed the Complainant and accompanying witness to meet the AO-1 and hand over the bribe amount of Rs.15,000/- to him or to any person as directed by him only upon further demand, reiterating the earlier instructions recorded in Mediator Report-I.

At about 1610 hours, the Complainant and accompanying witness, accompanied by one ACB staff member, proceeded towards AO-1's Office, and to avoid exposing the trap operation, only the 1st trap party followed

them closely while the remaining members stayed nearby. Upon reaching the Office building, the Complainant and accompanying witness entered inside, and simultaneously the 1st trap party and other members positioned themselves strategically. At about 1620 hours, the Complainant and accompanying witness came out to a visible location, and the accompanying witness gave the pre-arranged signal by wiping his face with a towel, informing that, as per AO-1's instructions, the bribe amount of Rs.15,000/- had been handed over to the A-2, while the Complainant confirmed that AO-1 was present in his chamber and A-2 was standing near the office gate.

On receiving the signal, Inspector of Police, ACB who was leading the 1st trap party, alerted the DSP, assembled the team, and entered the Office premises to restrict the movements of the identified individuals, while members of the 2nd and 3rd trap parties also arrived and joined the proceedings.

As per the instructions of the DSP, one of the ACB staff members retrieved the audio spy gadget from the accompanying witness and switched it off. The Complainant and accompanying witness reiterated before the DSP that, as per the instructions of AO-1, the accompanying witness had handed over the bribe amount of Rs.15,000/- to A-2. The DSP instructed the Complainant and accompanying witness to wait aside for further proceedings.

Thereafter, the DSP, along with the Mediators and the trap party members, approached a person wearing a purple coloured shirt and ash coloured pant, who was standing near the main gate of the Tahsil Office and whose movements were already been restricted by members of the trap party. The DSP disclosed his identity and ascertained the particulars of the individual, who identified himself as Thuppari Goutham, S/o Kattaswamy, aged about 25 years, private car driver of AO-1. The DSP introduced the Mediators to A-2 and explained the purpose of the visit. On hearing this, A-2 appeared shocking and remained speechless. The DSP conducted Sodium Carbonate solution test on the fingers of both hands of

A-2 separately, where-in the right-hand fingers yielded a positive result while the left-hand fingers remained colourless.

Thereafter, the DSP questioned A-2 whether he had demanded or accepted any bribe amount from anyone prior to the arrival of the trap party. A-2 spontaneously admitted that, as per the instructions of AO-1, he had accepted the bribe amount of Rs.15,000/- from accompanying witness. On further questioning regarding the bribe amount accepted by him, A-2 took out a wad of currency notes from the right side back pocket of his trousers and produced the same before the DSP. As per the instructions of the DSP, one of the mediators verified the denominations and serial numbers of the currency notes with those recorded in Mediator's Report-I and found them tallying. The DSP then conducted chemical test on the contact portion i.e., the inner flap of the right side back pocket of the trousers of A-2, which yielded positive result and also seized the ash colour trouser under the attestation of Mediators.

Subsequently, the DSP, along with the Mediators, proceeded to the chamber of the AO-1, where upon entering they observed a male individual clad in a white colour lining shirt and black colour trouser seated on a chair, whose movements were being restricted by some of the 1st trap party members. The DSP disclosed his identity and ascertained the particulars of the said individual, who identified himself as the AO-1 and introduced the Mediators to him and vice versa, explaining the purpose of the visit, where-upon the AO-1 appeared shocking and remained speechless.

The DSP then questioned the AO-1 whether he had demanded any bribe amount from anyone and accepted it through A-2 prior to the arrival of the trap party, to which the AO-1 initially denied the allegation, stating that he had neither demanded any bribe nor instructed anyone to accept money on his behalf. Thereafter, A-2 was called into the chamber and, on being questioned, admitted that on AO-1's instructions he had accepted Rs.15,000/- from the accompanying witness. When confronted with A-2's

version, AO-1 finally admitted that he had demanded the said amount from the Complainant and accompanying witness and accepted it through A-2 for showing an official favour, i.e., to process the registration work of succession of ancestral agricultural land in favour of Complainant's husband from her father-in-law. Subsequently, when questioned about the file relating to the Complainant's husband, AO-1 produced a bunch of papers through Sri Palle Madhu, Bhubharathi Operator, and submitted them before the DSP. On perusal of the bunch of papers produced by AO- 1, the following details were noticed:

Made-up File No.1: It contained 23 sheets including one original Pattadar Passbook, comprising Bhubharathi Log Register, Slot Booking & Advisory receipt dated 25.09.2025, e-Challan No. CSM2500155524, Transaction Summary, copies of Aadhaar Cards, Succession Joint Agreement to be filed by family members, Death Certificate, copies of Pattadar Passbook, Encumbrance Certificates, and original Pattadar Passbook No.T25150010412, Khatha No.968 pertaining to Bhukya Swamy, along with a Notice dated 24.10.2025 calling for objections.

After perusal of the file, the DSP questioned the AO-1 as to why he had not digitally signed the document and effected the online entries though the process of field verification, photographs and thumb impressions had already been completed on 24.10.2025, to which the AO-1 replied that the family members' verification report pertaining to the applicant Sri Bhukya Balu was awaited from the Mandal Revenue Inspector and the concerned Section Junior Assistant, and therefore he had kept the work pending.

Thereafter, the DSP called Sri Bhukya Lashkar, Mandal Revenue Inspector, and Sri Bhukya Ravi, the concerned Section Junior Assistant, and questioned them regarding the family members verification report, whereupon Sri Bhukya Lashkar stated that he had completed the field verification and submitted his report to AO-1 on 12.09.2025 itself, and Sri Bhukya Ravi stated that he had prepared the office note file pertaining to

the family verification of the applicant and submitted the same to AO-1 on 18.09.2025.

When the DSP questioned AO-1 regarding their versions, AO-1 admitted that he had received the field verification report and the office note file from them, and he then took out a bunch of papers from the right-side drawer of his office table and produced the same before the DSP, upon perusal of which it was noticed that it contained 15 sheets including Office Note dated 03.09.2025, checklist, Mandal Revenue Inspector report, statements of villagers, Gram Panchayat notice calling for objections, application for family member certificate and other enclosures including the affidavit of the applicant. The DSP seized the file as Made-up file No.2

On the instructions of the DSP, Sri Palle Madhu, Dharani Operator, accessed the Bhubharathi website and obtained a printout of the application status report of Application No.2500620117 pertaining to the Complainant's husband. On perusal of the printout, it was noticed that the status of the application was shown as "Succession Application No.2500620117 is pending with Tahsildar & Joint Sub-Registrar Office for Digital Signing." The DSP seized the said printout as Made-up File No.3 (1 sheet). After perusing the file, the DSP again questioned AO-1 as to why he had kept the succession file of the Complainant's husband pending till date. AO-1 did not offer any explanation and remained silent.

Thereafter, the DSP contacted the Additional Collector (Revenue), Mahabubabad, informed him about the trap laid against the AO-1 and A-2, and requested him to depute an Officer of the rank of Tahsildar to assist the ACB officials in the procedural aspects of the case.

When the DSP questioned AO-1 regarding the employment details of A-2, he stated that A-2 was working as his private car driver on a monthly salary of Rs.15,000/- being paid by him personally, and that the driver had no official connection with the Tahsil Office, Peddavangara.

The DSP also collected the office Attendance Register and verified the attendance particulars. It was noticed that the attendance of the Office employees was being maintained, and that AO-1 was putting his initials randomly as the Supervising Officer. The DSP obtained photocopies of the attendance particulars for the months of September 2025, October 2025 and November 2025, and seized them under Made-up File No.4 (4 sheets).

In the meantime, Sri Gatla Ramesh Babu, Tahsildar, Narsimhulapet Mandal, visited and met the DSP, informing him that he had been deputed by the Additional Collector (Revenue), Mahabubabad, to assist the ACB officials in the procedural aspects of the case. Upon this, the DSP apprised him of the facts of the case and requested his co-operation in the further proceedings.

When the DSP questioned Sri Gatla Ramesh Babu regarding the general procedure followed in processing succession registration applications, he stated that as per CCLA Circular No.2/2024 dated 26.11.2024, the applicant has to submit an online application for succession of ancestral agricultural land through Mee-Seva on the Bhubharathi website by uploading the Death Certificate of the Pattadar, Family Members Certificate and Joint Agreement among family members, and by paying the prescribed fee online, whereupon the application would automatically be forwarded to the concerned Tahsildar, who would take a printout of the application, obtain photographs and thumb impressions of the applicant and witnesses, generate an online notice and display it in the concerned Gram Panchayat calling for objections, and if no objections are received within seven days, the Tahsildar would approve the succession file by digitally signing the document and effecting mutation entries online, and thereafter issue the specimen copy of the new Pattadar Passbook to the applicant.

When the DSP questioned Sri Gatla Ramesh Babu about the procedure followed in the present case, he enquired with Sri Bhukya Lashkar, Mandal Revenue Inspector, perused the connected file and

informed that Smt. Bhukya Balu, S/o Bhukya Swamy, had submitted an online application for succession of agricultural land to the Tahsildar, Peddavangara, through Mee-Seva on 25.09.2025 vide Application No.2500620117, uploaded the required documents and paid Rs.8,359/- towards mutation and Pattadar Passbook charges; accordingly, the application was forwarded to the Tahsildar, who had taken the printout of the application and obtained the photographs and thumb impressions of the applicant and witnesses on 24.10.2025, and also generated the online notice, however, though more than one month had elapsed, the Tahsildar had not completed the succession file work till date.

Thereafter, the DSP called the Complainant and the accompanying witness into the office and enquired about the events that transpired after they left the trap party. The accompanying witness stated that after leaving the trap party, he along with the Complainant met AO-1 in his office and discussed the Complainant's work. During the discussion, AO-1 reminded him about the bribe amount, to which he replied that he had arranged the demanded amount. AO-1 then instructed him to hand over the amount to his car driver, A-2.

Accordingly, the accompanying witness along with the Complainant came out of the office and met A-2 near the main gate. A-2 took him behind the office building, where the accompanying witness took out the bribe amount from his shirt pocket. A-2 received the amount with his right hand and kept it in the right-side back pocket of his trousers. Thereafter they returned near the main gate, and the accompanying witness again met AO-1 and informed him that the amount had been handed over to A-

2. Subsequently, the Complainant and accompanying witness came out of the office building and gave the pre-arranged signal by wiping the face with a towel. The Complainant corroborated the version of the accompanying witness. When the DSP confronted AO-1 and A-2 with their statements, they did not offer any plausible explanation.

When the DSP asked AO-1 and A-2 whether they had any financial transactions with the Complainant or the accompanying witness, they

replied in the negative. The Complainant and accompanying witness also confirmed that they had no financial dealings with either of the AO-1 & A-

2. Thereafter, the DSP played the audio recording of the spy gadget on the office laptop in the presence of the mediators and the AO-1 & A-2. The recording contained the conversation between the accompanying witness, Complainant, AO-1 and A-2 regarding the demand and acceptance of bribe. The DSP seized the audio spy gadget with due attestation of the mediators.

Since the CCTV cameras of the office were functioning, the DSP also retrieved the relevant CCTV footage with the assistance of Sri Mohammed Rahimuddin, CCTV Technician, and copied it onto a SanDisk 64 GB pen drive. The footage showed the Complainant and accompanying witness meeting AO-1 and A-2. The DSP explained that due to a technical error the date and time of the footage was displayed as 08.01.2000 from 0555 hrs to 0602 hrs instead of 28.11.2025 from 16:15 hrs to 16:22 hrs. The pen drive was seized with due attestation of the mediators.

The DSP then instructed the Inspector, ACB to prepare a verbatim transcript of the audio-video conversation that took place between the Complainant, accompanying witness, AO-1 and A-2 on 28.11.2025, which was subsequently verified and found to be accurate. The DSP also copied the audio recording onto the office laptop and seized the black coloured audio recording device in a polythene cover duly attested by the mediators.

The following mobile phone used by AO-1 was also seized for the purpose of further investigation, and the DSP informed that the Government SIM No.6309030288 would later be handed over to the Mandal Revenue Inspector.

On perusal of the Call Data Records of AO-1, it is observed that on 06.11.2025, 13.11.2025, 20.11.2025, 22.11.2025, and 24.11.2025, the AO-1 made outgoing calls to the Complainant, and on 15.11.2025, he received an incoming call from the accompanying witness.

Material Evidence:

- Three (03) seized bottles containing the material of the Phenolphthalein test. The above tests were conducted on the right hand fingers of the A-2 and the contact portion, i.e., inner flap of right side back pocket of wearing trousers of A-2 yielded positive result.
- The trap amount of Wad consisting of Rs.15,000/- (Rs.500/-X 30 nos.) was recovered at the instance of the A-2.

Digital Evidence:

1. One Micro SD card containing audio & video conversation between the Complainant, Accompanying witness and the AO dtd.25.11.2025.
2. One Micro SD card containing video & audio conversation between Complainant, Accompanying witness and the AO dtd.28.11.2025.
3. The related video recordings pertaining to the post trap proceedings recorded through mobile phone.
4. CC footage from the Office of the Tahsildar, Peddavangara, recorded on the date of the trap i.e., 28.11.2025, was retrieved and the data was stored in a SanDisk 64 GB pen drive.

10. Analysis of Evidence:

The oral, documentary, and material evidence on record show that AO-1 is a public servant. The AO-1 demanded a bribe amount of Rs.15,000/- from the Complainant and accepted the same through A-2 for doing an official favour, i.e., “to process the registration work relating to succession of ancestral agricultural land in favour of the Complainant’s husband from her father-in-law”.

Demand for the bribe amount by the AO-1 is proved by the following oral, documentary and material evidence.

- Complaints of the complainant
- 183 BNSS statement of the complainant was deposed before the Hon’ble Magistrate on 07.02.2026.
- 183 BNSS statement of the accompanying witness was deposed before the Hon’ble Magistrate on 07.02.2026.
- The audio clip (digital evidence) recorded by the accompanying witness through spy gadget was on record and it is proving the demand the bribe amount by the AO-1 on 25.11.2025 and its verbatim as below.

Possession of the bribe amount by the A-2 is proved by the recovery of the amount as given below:

- The tainted bribe amount of Rs.15,000/- was recovered from inner flap of right side back pocket of A-2's trouser.
- The Phenolphthalein test conducted on right hand fingers of A-2 yielded positive results and the contact portion, inner flap of right side back pocket trousers of A2 yielded positive result.

Dishonest performance of public by the AO-1 proved by the following documentary and Oral evidence.:

An online application for succession of agricultural land to the Tahsildar, Peddavangara, through Mee-Seva on 25.09.2025 vide Application No.2500620117 was uploaded with required documents and paid Rs.8,359/- towards mutation and Pattadar Passbook charges. accordingly, the application was forwarded to the Tahsildar, who had taken the printout of the application, obtained the photographs and thumb impressions of the applicant and witnesses on 24.10.2025, and also generated the online notice, however, though more than one month had elapsed, the Tahsildar had not completed the succession file work till date of trap.

- Made Up File-4 (04 Sheets): Attendance particulars for months of September, 2025 to November, 2025. Photostat copies of Attendance Register, got connected pages.
- The AO-1 himself admitted before the mediators that he demanded bribe amount of Rs.15,000/- from the Complainant & accompanying witness and accepted the same through A-2
- The official favour was pending with the AO-1 on the day of trap.

Further, the Court is legally bound to draw the presumption under Section 20 of the Prevention of Corruption Act, 1988 (as amended in

2018), that the bribe amount of Rs.15,000/-, which were recovered at the instance of A-2 from inner flap of right side back pocket of the said trouser, was received for the discharge of official duty and for showing an official favor by the AO-1.

Presumption u/s 20 of the Prevention of Corruption Act, 1988.

Section 20 envisages that “ Where in any trial of an offence punishable under Section 7 or Section 11, it is proved that a public servant accused of an offence has accepted or obtained or attempted to obtain for himself, or for any other person, any undue advantage from any person it shall be presumed, unless the contrary is proved, that he accepted or obtained or attempted to obtain that undue advantage, as a motive or reward under section 7 for performing or to cause performance of a public duty improperly or dishonestly either by himself or by another public servant or, as the case may be, any undue advantage without consideration or for a consideration which he knows to be inadequate under section 11”.

- It remains thus undisputed that, the bribe amount was recovered at the instance of the A-2. The chemical test conducted on both hand fingers of the A-2 and his right hand fingers yielded positive result and the contact portion, i.e., inner flap of right side back pocket of A-2's wearing trouser yielded positive result. The audio & video clips, recorded by the accompanying witness using spy gadget, show the demand and acceptance of the bribe amount by the AO-1. There was no prior animosity or inimical feelings financial transactions between the Complainant and the AO-1.

The facts and circumstances mentioned above are sufficient to substantiate the offence of receipt of bribe amount.

Where the receipt of bribe amount is proved and no explanation was offered by the AO-1 as to how the tainted bribe amount came into A-2 possession, no motive for false implication of the AO-1 exists and all the above mentioned factual aspects and evidence constitutes an offence

punishable u/s 7(a) & 12 of the Prevention of Corruption Act, 1988 (as amended in 2018).

Corroboration of documentary and digital evidence:

The corroboration of documentary and digital evidence, clearly establishes demand, acceptance, and recovery of the bribe. The Phenolphthalein test yielded positive results on A-2's fingers and trouser pocket, the tainted amount of Rs.15,000/- was recovered intact with serial numbers tallying, seized documentary files (succession application records, verification reports, attendance registers) confirmed deliberate pendency, while audio recordings, verbatim transcripts, and CCTV footage captured the demand and acceptance; together with admissions of both AO-1 and A-2, these materials provide consistent and conclusive proof supporting prosecution under Sections 7(a) and 12 of the Prevention of Corruption Act, 1988 (as amended in 2018).

11. Findings of Investigation:

The AO-1 taking advantage of his official position being a Public servant, demanded and accepted bribe amount of Rs.15,000/- through A-2 from the Complainant to show an official favour i.e., "to process the registration work relating to succession of ancestral agricultural land in favour of the Lw-9/Complainant's husband from her father-in-law". The A- 2 assisted the AO-1 and abetted the offence.

In view of the findings and recommendations mentioned above, it is requested to issue sanction order to prosecute the AO-1 in the Court of Law for the offence punishable u/s 7(a) of the Prevention of Corruption Act,1988 (as amended in 2018) as required under Section 19(1)(b) of the Prevention of Corruption Act,1988 (as amended in 2018) for which a Model Sanction Order is enclosed herewith.

It is further requested to initiate departmental action also against the AO-1 for violation of Rule 3(1) ,(2) and (3) of the Telangana Civil Services (conduct) Rules, 1964 (as adapted by TG in 2016) for which Draft Article of Charges are enclosed herewith.

Section 19 of the PC act, 1988 pertaining to Sanction of Prosecution has been amended on 26.07.2018, which reads as follows:

Provided also that the appropriate Government of any competent authority shall, after the receipt of the proposal requiring sanction for prosecution of Public servant under this sub-section endeavor to convey the decision on such proposal within a period of three months from the date of its receipt.

It is further provided that in case, legal consultation is required, such period may, for the reasons to be recorded in writing, be the extended by a further period of one month.

Whereas, the A-2 committed an offence punishable u/s 12 of the Prevention of Corruption Act, 1988 (as amended in 2018) and no sanction is required to prosecute him in the Court of law for the above offence.

It is requested that the orders of the Government on the final report of the Bureau may please be communicated at an early date.

Decisions of the Supreme Court:

The Hon'ble Supreme Court of India vide **Superintendent of Police Vs Deepak Chowdhary (1995) 6 SCC 225-AIR 1996 SC 186** observed that the grant of sanction is an administrative function and the sanctioning authority is required to arrive at the prima facie satisfaction that the relevant facts, as discernible from the ACB report, constitute the offence or not and then, either grant or refuse to issue sanction orders. It was, further, observed that what is necessary is whether the facts collected during investigation constitute the offence for which sanction has been sought for.

The Supreme Court of India vide **Dr. Subramanian Swamy Vs. Dr. Manmohan Singh and another 2012 (1) Supreme 577** also referred to various guidelines of the Central Vigilance Commission based on its earlier judgments and held that while considering the issue regarding grant or refusal of sanction, the only thing which the competent authority is required to see is whether the material placed by the investigating agency prima facie discloses commission of an offence. The competent authority cannot undertake a detailed inquiry to decide whether or not the allegations made against the public servant are true.

In **Lalu Prasad Yadav Vs. State of Bihar (2006 SC (crimes) 4- 419)**, the Apex Court observed that in cases covered under the Prevention of Corruption Act, 1988, sanction under Section 19 is automatic in nature.

A Three-Judge Bench in **Raghubir Singh v. State of Punjab (1974 (4) SCC 560)** held that the very fact that the accused was in possession of the marked currency notes against an allegation that he demanded and received the amount is "resipsa loquitur".

In **Madhukar Bhaskarrao Joshi v. State of Maharashtra (2000 (8) SCC 571)** it was observed that:

"The premise to be established on the facts for drawing the presumption is that there was payment or acceptance of gratification. Once the said premise is established the inference to be drawn is that the said gratification was accepted "as motive or reward".

In **State of Karnataka Vs Rao teppa**, vide Crl.A.No.3553/2010 dtd. 21.01.2015, the Hon'ble High Court of Karnataka, Kalaburagi Bench also elaborately dealt with the aspect of presumption and held that " it gives a clear indication that if any amount which is received by the accused, if it cannot be termed as legal remuneration authorized by the Government or by the organization, if he is not legally entitled to for that amount or if the public servant does not explain it properly as to how he is entitled for that remuneration, all other type of amounts shall be categorized as illegal gratification. Sub clause (d) to the explanation of Section 7 says that even if he poses himself that he would get the work done or even if he is not in a position to do that act or even if he does nothing, but he pretends or poses that he would get the work done and receives money, that becomes the receipt of illegal gratification as a motive or reward for doing something.

Therefore, even if the public servant is not capable of rendering any service to the Complainant yet the fact remains that according to the allegations of the prosecution, he demanded money for showing official favour to the Complainant.

Inevitable and irresistible conclusion that AO demanded and accepted bribe amount:

Keeping in view the legal principles as can be culled out from decisions referred to above, applying the fact to a situation the inevitable and irresistible conclusion must be that the AO demanded and accepted

the bribe amount for performance of public duty improperly and dishonestly.

Not required under statute to issue the notice to AO calling for her explanation:

In view of the advent of technology and use of digital evidence (audio and video) and there being clinching evidence available on record, there being requirement under the statute to issue a notice and call for the explanation of the AOs before finalization of the report of the investigation, final report of the Bureau is finalized. Further, there is not much scope for the competent authorities or any other authority or the Government for entertaining any scope or doubt on the aspect of demand and acceptance of bribe amount by the AOs. In the present case, charge sheet will be filed in order to expedite the completion of the trial by the Special Court so as to prevent delay.

Difference between old Section 7 and amended Section 7 of PC Act 1988:

It is pertinent to note that in the provision of Section 7 of PC Act 1988 prior to the amendment, it was required to fulfill the ingredient of the offence that in the exercise of official functions, favour or disfavor to any person or for rendering or attempting to render any service or disservice to any person with the Central or any State Government etc.

After the amendment of the provision of Section 7 on 26-07-2018, obtaining undue advantage as a reward or motive and the intention to perform or cause performance of public duty improperly or dishonestly are the aspects which have to be established.

In the light of the facts and circumstances on record, the ACB brought sufficient oral and documentary evidence which prima facie constitutes an offence against the AO-1 under the Prevention of Corruption Act, 1988. Hence, it is requested to consider the above facts and issue sanction order to prosecute the AO-1 at an early date.

Simultaneous Departmental action to be initiated:

There is no legal bar for the Disciplinary Authority to initiate disciplinary action pending investigation by the Police or pending criminal proceedings before a Court of Law. The purpose of the two proceedings is quite different. The object of departmental proceedings is to ascertain whether the officer concerned is a person to be retained in service or not or to be dealt with by imposing a suitable penalty.

On the other hand, the object of criminal prosecution is to find out whether the ingredients of the offence as defined in the penal statute have been made out.

The Supreme Court made the following observations pertaining to initiation of Departmental Action and prosecution simultaneously in several cases.

1. *Departmental Inquiry resulting in punishment is not a bar for launching prosecution on same facts. An enquiry made and concluded under the Public Servants (Inquiries) Act, 1850, does not amount to prosecution and punishment for an offence as contemplated by Art. 20(2).- S.A. Venkataramana vs. Union of India, AIR 1954 SC 375.*
2. *No failure of natural justice if disciplinary proceedings are taken without waiting for decision of criminal court, where case is not of a grave nature and does not involve questions of fact or law which are not simple - Delhi Cloth & General Mills Ltd., Vs. KushalBhan, AIR 1960 SC 806.*
3. *Where charges constitute criminal offences, institution of departmental inquiry does not violate Article 14 of the Constitution - S. Pratap Singh Vs. State of Punjab, AIR 1964 SC 72.*
4. *Departmental action taken when criminal prosecution is pending before court is not vitiated, though it is desirable to stay it, particularly where charge is of a grave character - Tata Oil Mills Co. Ltd. vs. Workman. AIR 1965 SC 155.*
5. *A public servant who commits misconduct, which amounts to an offence, can be prosecuted, but the disciplinary authority is not precluded from proceeding against him in departmental proceedings - S. Krishnamurthy vs. Chief Engineer S. Rly. AIR 1967 Mad 315.*
6. *Institution and continuation of disciplinary proceedings on same charges as are pending in a criminal court does not amount to contempt of court unless there is willful violation of a stay order issued by the Court - Jang Bahadur Singh Vs. Baij Nath Tiwari. AIR 1968 SC 30.*
7. *No bar to proceed simultaneously with departmental inquiry and criminal trial. Depot Manager, APSRTC vs. Mohd. Yousuf Mia, AIR 1997 SC 2232.*
8. *No legal bar for both criminal and departmental proceedings to go on simultaneously, but in certain situations, may not be desirable or appropriate. It is not also in the interest of administration that persons accused of serious misdemeanor should be continued in*

office indefinitely i.e., for long periods awaiting the result of criminal proceedings. It only serves the interest of the guilty and dishonest - State of Rajasthan vs. B.K. Meena AIR 1997 SC 13.

9. *The Supreme Court in the case of Capt. M. Paul Anthony Vs. Bharat Gold Mines Ltd., reported in AIR 1999 SSC 1416 summarized the case law on simultaneous departmental action and prosecution and held that (i) Departmental proceedings and proceedings in a criminal case can proceed simultaneously as there is no bar in their being conducted simultaneously though separately; (ii) If the departmental proceedings and the criminal case are based on identical and similar set of facts and the charge in the criminal case against the delinquent employee is of a grave nature which involves complicated questions of law and fact. It would be desirable to stay the departmental proceedings till the conclusion of the criminal case (iii) Whether the nature of a charge in a criminal case is grave and whether complicated questions of fact and law are involved in the case, will depend upon the nature of offence, the nature of the case launched against the employee on the basis of evidence and material collected against him during investigation or as reflected in the charge sheet (iv) The factors mentioned at (ii) and (iii) above cannot be considered in isolation to stay the Departmental proceedings but due regard has to be given to the fact that the departmental proceedings cannot be unduly delayed and (v) If the criminal case does not proceed or its disposal is being unduly delayed, the departmental proceedings even can be resumed and proceeded with so as to conclude them at an early date, so that if the employee is found not guilty his honour may be vindicated and in case he is found guilty, administration may get rid of him at the earliest.*
10. *The Supreme Court in the case of Hindustan Petroleum Corporation Ltd. Vs. Sarvesh Berry reported in AIR 2005 SC 1406 once again held that no legal bar for both continuing simultaneously even though they are based on identical or similar set of facts.*

Involvement in a trap case is an act of moral turpitude and lack of integrity, devotion to duty and conduct unbecoming of a Government Servant which amounts to violation of Rule 3 of Telangana Civil Services Conduct Rules 1964 which reads as follows;

1. *Every Government employee shall be devoted to his duty and shall maintain absolute integrity, discipline, impartiality and a sense of propriety.*

2. *No Government employee shall behave in a manner which is unbecoming of such employee or derogatory to the prestige of Government.*
3. *No Government employee shall act in a manner which will place his/her official position under any kind of embarrassment.*

In view of the aforesaid legal position as laid down by the Supreme Court, there is no legal objection to departmental enquiry being conducted once a Court has taken cognizance of a criminal case. It is necessary that criminal proceedings and departmental action should be processed without loss of time with a view to avoid manipulations and loss of evidence.

In the present case, the AO-1 had committed grave misconduct by committing an offence punishable u/s 7(a) of the Prevention of Corruption Act 1988 (as amended in 2018) by demanding and accepting an amount of Rs.15,000/- as bribe for performance of public duty improperly and dishonestly.

Thus, the AO-1, by the above-mentioned acts, i.e., lack of devotion, lack of integrity, conduct unbecoming of a Government servant and caused embarrassment to the Government and contravened Rule 3(1), (2) and (3) of TCS (Conduct) Rules, 1964. Therefore, departmental action may be initiated against the AO-1 in addition to the simultaneous prosecution against him.

The A-2 had committed an offence punishable u/s 12 of the Prevention of Corruption Act, 1988 (as amended in 2018). Therefore, the A-2 may be prosecuted in Court of law for the above offence.

14. Request for Prosecution Sanction Order:

Competent Authority for sanction:

The Chief Commissioner of Land Administration, Telangana, Hyderabad to issue sanction for the prosecution of the AO for the offence punishable u/s 7(a) of the Prevention of Corruption Act 1988 (as amended in 2018)

Grounds for grant of Sanction:

In view of the findings and recommendations mentioned above, it is requested to issue sanction order to prosecute the AO-1 in the Court of Law for the offence punishable u/s 7(a) of the Prevention of Corruption Act, 1988 (as amended in 2018) as required under Section 19(1)(c) of the Prevention of Corruption Act, 1988 (as amended in 2018), for which Model Sanction Order is enclosed herewith. No sanction is required to prosecute the A-2.

It is also requested to initiate departmental action against the AO-1 for which Draft Article of Charges are enclosed herewith.

Section 19 of the P.C. Act, 1988 pertaining to Sanction of Prosecution has been amended on 26.07.2018, which reads as follows:

Provided also that the appropriate Government of any competent authority shall, after the receipt of the proposal requiring sanction for prosecution of public servant under this sub-section, endeavour to convey the decision on such proposal within a period of three months from the date of its receipt.

It is further provided that in case, legal consultation is required, such period may, for the reasons to be recorded in writing, be the extended by a further period of one month.

The Supreme Court of India in a recent Judgment **Vijay Rammohan Vs. State Represented by the Inspector of Police, CBI, ACB, Chennai, Tamilnadu, Arising out of SLP (CRL) No. 1568 of 2022, 11-10-2022** observed that upon expiry of the three months and the additional one month period, the aggrieved party, be it the complainant, accused or victim, would be entitled to approach the concerned writ court to seek appropriate remedies, including directions for action on the request for sanction and for the corrective measure on accountability that the sanctioning authority bears. Further, held that the competent authority shall be accountable for the delay and be subject to judicial review and administrative action by the CVC under Section 8 (1) (f) of the CVC Act.

The Division Bench of Andhra Pradesh High Court in the case of **B.Prasada Rao Vs. State of A.P in Writ Appeal No. 934 of 2022** in their order dated 12.01.2024 made the following observations.

The issue of grant of permission is a fact that can be found from the records and not a fact that needs to be or can be inferred. Prima facie, we do not see any discretion vested in the State to alternatively order any other action against the accused.

We further direct the Chief Secretary to file an affidavit setting out remedial measures and steps initiated to recover lost ground and the affidavit shall also state if any guidelines are framed and issued for expeditious consideration of request for sanction of permissions to prosecute.

We deem it necessary to restrain all Special Courts / Designated Courts dealing with the ACB cases from closing any FIRs on the basis of delay in granting sanction or deeming the delay in granting sanction as implied rejection.

In view of the findings and recommendations mentioned above to prosecute the AO-1 u/s 7(a) of the Prevention of Corruption Act, 1988 (as amended in 2018), the competent authority has to accord sanction for prosecution against the AO-1 for which a Model Sanction Order is enclosed herewith.

It is requested that the orders of the Government on the final report of the Bureau may please be communicated at an early date.

Yours faithfully,

Director General
Anti-Corruption Bureau,
Telangana, Hyderabad.
